The QSEN Institute Regional Center at The College of New Jersey
Presents
Infusing Quality and Safety Education for Nurses
Into Your Curriculum
Free 1 Day Workshop for Nurse Educators in Academia and Practice
Sponsored by a grant from The Agency for Healthcare Research and Quality
6 Contact hours-approval pending

Purpose
To share teaching strategies focused on Quality and Safety Education that support implementation of the IOM/QSEN competencies in nursing education in academia and practice

Target Audience
Registered Nurses who serve as educators within academic and/or practice settings

Learner Objectives include
-Identify educational strategies and resources to be incorporated into the classroom and/or clinical practice environments that support behaviors consistent with the IOM/QSEN competencies
-Demonstrate strategies to build a quality improvement culture by fostering active learning
-Discuss the use of simulation-high and low fidelity-in the classroom and laboratory settings to create focused learning of patient safety strategies
